

“AFTER THE FACT” PERMITS & MISSED INSPECTIONS

Affidavit and Inspection Report

I, _____ (Architect/Engineer), of _____ (Firm),

with State License # _____ do hereby attest to the following:

Project Permit # _____ Date of Inspection _____

Address _____

Code Case or Action Order # _____

Date of Affidavit: _____

Project observations and inspections have been performed at the above address for a scope of work as listed: *(Scope of work should match permit application).*

These observations and or inspections were of the following type: (Check)

Visual Non-Destructive ___ Destructive Testing ___ Samples ___ Other _____

Required Photo Documentation: *(This verifies on-site observations were actually performed)*

- Address numbers of project to match above
- Photos of components inspected
- Photos of testing if applicable

I do hereby attest that the firm listed above and or its agents did make on-site, in person, observations/testing of the missed inspections and or unpermitted work, and this process is considered “After the Fact”.

Missed Inspections Performed: (Check)

Mechanical ___ Electrical ___ Plumbing ___ Structural ___ Meets Plan Specs ___

It is the finding of the above listed firm that the work performed is Code Compliant and meets the intent of the applicable codes, and the previously unpermitted or uninspected work presents no life safety issues for the inhabitants of the listed structure or the surrounding community.

(Please attach photos and any additional documentation on a separate page)
